

# Why we need your support

prevent breast cancer

In the UK...

**1 IN 9** WOMEN AND **1 IN 1000** MEN  
WILL GET BREAST CANCER

We are the only UK charity solely aimed at preventing breast cancer for future generations

**55,000** people are diagnosed every year

**MOST COMMON CANCER FOR WOMEN**

**BIGGEST CAUSE OF DEATH**

FOR WOMEN AGED 35-49

The government and major cancer charities direct just  
of all their research funding into cancer *prevention*

**4%**

**WE WANT TO PREVENT BREAST CANCER  
FOR FUTURE GENERATIONS**

through preventative testing, screening, lifestyle changes  
and drugs where needed

We fund **VITAL RESEARCH** into the prediction and prevention  
of breast cancer
